ABOUT ME

Hello, I am Emre Karadereli. I was born in Istanbul in the year 2000 and grew up here. After completing primary, middle school, and high school in Istanbul, I completed my university education in Burdur. I obtained my bachelor's degree in Management Information Systems at Mehmet Akif Ersoy University, where I developed my theoretical and practical knowledge.

Due to my interest in web technologies such as Laravel, PHP, Bootstrap, JavaScript, and HTML/CSS, I decided to specialize and improve myself in these areas. My proficiency in the Laravel Framework has allowed me to achieve successful results, particularly in some backend projects. Additionally, I have developed skills in project management, teamwork, time management, and problem-solving. With over a year of experience in Laravel, I have actively participated in various live web projects.

I have a good command of English and continuously update myself by closely following developments in the software world. Furthermore, I have a basic level of German, and improving my German skills is one of my future goals. One of the most important things for me is to continuously improve myself and learn new things. It is important to me that the company I work for embraces these values and supports its employees in this regard.

WORK HISTORY

● INTERNSHIP

LAYSOS YAZILIM REKLAM AJANSI - İSTANBUL - 2022 - 2022

I completed my mandatory internship training at LAYSOS company, where I could practice and develop various projects.

● PHP LARAVEL DEVELOPER

LAYSOS YAZILIM REKLAM AJANSI - İSTANBUL - 2022 - 2023

After successfully completing the internship training, I actively played a role in various projects at LAYSOS company for a full year. I gained valuable experience working on both client projects and the company's own special projects. You can review the projects I worked on through my personal website.

You can find detailed information on my website.
